

# Session Invitation:

## Land Use Planning in the Vicinity of Pipeline Systems

Thank you for your interest in our FREE online education session! Participants will need to register individually and are *encouraged* to purchase their copies of CSA Z663-18 "*Land use planning in the vicinity of pipeline systems*" in advance of the session

For more information on CSA-Z663-18 please visit [www.csagroup.org/store/product/Z663-18/](http://www.csagroup.org/store/product/Z663-18/)

### Our session will provide essential education on:

-  The issues of development near pipelines and the obligations of pipeline operators
-  Why is CSA-Z663-18 important?
-  Establishing a communication process with pipeline operators
-  Incorporating best practices and policy recommendations
-  How municipalities, developers, and pipeline operators benefit from the implementation of CSA Z663-18
