

Your confirmed City issued parking Code is:

2	9	2	1	7
----------	----------	----------	----------	----------

Validity Date: September 20, 2019

Group Name: CACPT

Parking Code Instructions

What is a City of Mississauga Issued Parking Code?

An exclusive 5-digit parking code that you can use to obtain an all-day parking receipt.

How does City Issued Parking Code work?

The customer must enter the provided 5-digit parking code on the **keypad** of an Off-street pay and display machine, wait and retrieve a valid parking receipt and place the receipt face up on the vehicles dashboard for enforcement to be able to see.

By displaying the all-day receipt, the driver has in and out privileges throughout the day.

What if I experience problems with a parking code?

Instructions on how to use the Pay and Display machines are posted at each machine. If you are experiencing an issue with your parking code, please contact your event host/coordinator and verify the code number.

Where is the receipt valid?

The receipt is valid in Celebration Square North (Civic Centre underground), Celebration Square South (Central Library underground) and Living Arts Centre parking garages and at Sheridan College HMC Surface Lots. The receipt is not valid for parking on-street.
